Henry M. Greenberg

President, New York State Bar Association

2020. 04. 08.

Dear President,

We are at a critical juncture due to the outbreak of COVID-19 around the world. We still remember the welcome we received from you when our delegation visited New York this January, now we particularly regret by the news that the current surge in the number of confirmed cases of COVID-19 and the healthcare system is in crisis. However, we are all fighting against the virus harder than ever in New York and Seoul, so I believe that we will confidently overcome the current crisis and fear.

South Korea started a war against COVID-19 ahead of New York. Therefore, we fully sympathize with the situation and difficulties facing New York City, and as a colleague of this long war, the Seoul Bar Association will actively support the New York State Bar Association and get through immediate problems together.

With these efforts, we hope that COVID-19 will soon be over and our precious life will be restored as soon as possible. We also hope that various projects between two bars including the young lawyer's exchange training program, which we had set as joint goal, will be implemented at the earliest possible moment.

We deeply appreciate our relation with the New York State Bar Association and we look forward to meeting you again in the near future.

Hope that you are all safe and healthy.

Yours Sincerely,

Jongwoo Park

President, Seoul Bar Association
